Minutes from the February meeting were read and approved by vote.

TREASURER'S REPORT:

- 1) We have about \$1000 in the account including some early registrations for the AeroTow.
- 2) A list of paid members will be published on the bulletin board.
- 3) Chris will be sending invoices out.
- 4) New membership cards will be printed this year. Pete will handle this around the end of May.

The report was accepted by a vote.

OLD BUSINESS:

- 1) Runway has a large crack across it. It is our top priority to repair to maintain this \$80K asset. Sealing will be about \$2200. We need about 4 days of 55+ degrees to be able to do this; the weather is delaying it.
- 2) Training will be on Wednesdays during the summer as this will allow more experienced pilots to assist. We will be using E-Flite Apprentice S trainers as our primary airframe this year. We need somebody to organize this as Andy will not be able to come on Wednesdays.

NEW BUSINESS:

- 1) Lee and Rick are going to put together a car event for mid-August. Interest via Facebook is growing. The club will need to provide a driver stand and borrow/rent a scoring system. We need a Bobcat on the track to do some maintenance while the dirt is amenable to working.
- 2) Nate is putting together an event for the construction vehicles. They will use the NW side of the building for this.
- 3) Adam Munds would like to provide some action on July 3 with cars.
