The meeting was held at the hangar. Pete called it to order at 7:00.

Minutes from the June meeting were read and approved by vote. One correction was noted: The movie night netted \$166, not \$66 as reported previously.

TREASURER'S REPORT:

\$7200.00 balance

\$1200.00 has been deducted for the first installment of runway resurface and painting.

OLD BUSINESS:

Last minute updates on the PrairiEstate electric Fly-In: Pete and Linda Bergstrom have agreed to do the cooking for the event for the three days. Pete is also helping to secure speakers for the club PA for the event. So far only one person has registered through RC Flight Deck but Jim reports that many have said they are planning on attending one or two days and will sign up at the event. Horizon and Hobbico have been very generous in donations. Hobbico is helping sponsor the Baby Biwinger event by supplying the pilots of the contest an Electrify battery. Hobbico is also sending three representatives to the event to set up a booth, fly and answer questions.

Chris Huhn reported the last details on the Jet event: 15 guys have signed up, most of which are new. Pilots from Florida to Canada will be in attendance. Tents have been ordered for the event. T shirts for the event have been ordered. Potential electric foamy area for this year and next year. Emphasis will be open to anyone to fly. Some pilots will be here as early as Monday before the event.

NEW BUSINESS:

It was brought up that after our last events of the year and before the fall, we as a club should get together and have a weekend work session, including staining the wood work and general spuce up of the grounds and building.

Pete also brought about using rflightdeck to update the club membership and information.

Meeting ended at 7:35PM
